## ► What is Parents As Teachers?

Parents As Teachers is a free program to anyone who has a child from Pre-natal to three years of age.

The Goal of the Parents As Teachers program is to help parents be better teachers for their children. We try to help parents understand how children grow and develop between the ages of birth to 3 years of age.

The way a child grows and learns during the early years of life begin at birth and can have an enormous impact on his or her later development and success in school. Parents in the program can expect to increase their awareness of their child's physical, social, emotional and intellectual development.

### P.A.T Families Receive

#### **Personal Visits:**

A parent educator will come into your home and give you information on the development of your child and ideas of what you can do at home to help your child learn best. Visits last about 1 hour and are offered every 4-6 weeks.

#### **Playgroups:**

Playgroups provide a time for parents to talk and children to learn to play with others.

#### **Screenings:**

Developmental screenings will be given to your child at least once a year right in your own home.

#### **Community Resources:**

We will be able to provide a link between your family and services that are beyond the scope of Parents As Teachers.

Coordinator: Brenda Page

Parent Educator: Hollie Lind
