The Special Services Cooperative of Wamego

Presents A Pathway
To Success
(A Signature Performance)

Focus Points
2007-2009

Director
Michael L. Bilderback, MS

The following two year plan for the years 2007-2009 was developed as a result of

- Building level principal & superintendent input
- A 2005 review of State Department data of all other providers of Special Education Services Statewide
- A review of AYP data for all member districts for 2006
- A historical review of the variety of "trends & patterns" of students served and staffing patterns required to successfully meet the needs of all students
- A review of the current research-based programs revealing success rates with students
- Projections of the professional development needs of staff based upon their current knowledge, application & as it relates to the research based data available
- A critical review of the best practices factor required for para-educators to performance at their highest instruction potential possible

Focus Points

To Assist Districts with Annual Yearly Progress (AYP)

To Maintain or Exceed State Compliance Standards

Further Develop multi-faceted "framework" to Sustain Staff Longevity

Focus Points

- Focus Point Goals & Benchmarks will be set by Coop – teams & will be available to the public upon request
- Consensus building techniques will be used to achieve both of the above for publication
- Paramount to the Goals & Benchmarks set for all students both will be founded on the financial limitations of our Cooperative
- The values & beliefs of every staff member and its administrator are defined to ensure that reasonably and appropriate services & providers are available for every student served to make adequate year progress according to the I.E.P. Goals & Benchmarks agreed upon
- Upon graduation our goal is to provide every student the opportunity to take the next few steps forward to the ultimate attainment of a life of happiness and life- fulfilling success
