

USD 320 School Bus Discipline Plan

When students misbehave on the bus or at bus stops, it not only creates an unsafe condition by distracting the driver, it also infringes on the rights of other passengers. For this reason, **misconduct will not be tolerated**. The following briefly outlines and explains the procedures that will be used when students misbehave on the bus.

TYPICAL CONSEQUENCES FOR NEGATIVE BUS BEHAVIOR

(Depending on the age of the student and the severity of the incident)

1. Bus driver response to behavior
2. Bus Conduct Report filled out sent to appropriate school Administrator and parent/guardian contacted.
3. Same as #2 plus 1 – 3 days suspension
4. Same as #2 plus 3 – 5 days suspension
5. Same as #2 plus 5 – 10 day suspension
6. Same as #2 plus 15 day suspension
7. Same as #2 plus 45 day suspension
8. Same as #2 plus rest of school year suspension

IMMEDIATE ACTION

Behaviors listed below will result in an immediate written report and a 5 day loss of bus riding privileges or the next level of consequences, whichever is greater.

- Fighting
- Obscene language or behavior
- Throwing objects in or out of the bus
- Possession of weapons (Treated according to USD 320 Weapons Policy)
- Destroying bus property
- Refusal to obey the driver
- Use or possession of tobacco, drugs or alcohol
- Abuse or harassment directed at the driver or students (Physical or Verbal)

Remember, bus service is a privilege and not a right. In fact, the cost of transportation for most USD 320 passengers is a service for which the district does not receive any funding from the state or federal government.

Expectations for USD 320 Bus Passengers

I. STUDENT READINESS

While safety is our top priority, anyone in the transportation industry would have to admit that time is also a major concern. To provide good service we must keep route times as short as possible and avoid any unnecessary delays.

1st: Passengers are expected to be ready to load on time

Having the bus wait for students at each stop may sound like a good idea, but in reality it isn't in the best interest of our students. Routes are developed as close to the minute as possible – not being ready at the scheduled time, creates delays and the possibility of arriving late to school.

2nd: Passengers are expected to take a seat quickly after loading and be ready to unload before arriving at their destination.

Passengers should never cause delays or safety risks by taking excessive time loading or unloading. Before the bus reaches the stop, and has traffic backed up, students should make sure they have all their property together and they are ready to unload

II. STUDENT SAFETY COMPLIANCE

Each year in the United States, an average of 19 children forfeit their lives in accident connected with loading or unloading from a school bus. The following basic preventative measure should help to insure that none of the children in our district should ever become a part of such unfortunate statistic.

1st: Arrive at your designated bus stop early.

Students rushing to catch a bus seldom pay attention to oncoming traffic and often get too close to the bus without making sure the driver sees them.

2nd: Stay at least ten feet away from the bus.

Students must never get within ten feet of the bus, unless it has completely stopped and the driver has motioned them to approach the front door. Students should NEVER walk behind or along the side of the bus. If students need to cross the street, they should walk at least 10 feet ahead of the bus, and wait until the driver motions for them to cross.

3rd: Remain seated and facing forward while on the bus.

It is important for all passengers to remain seated until the bus makes a complete stop and the driver instructs them to begin unloading

III. STUDENT BEHAVIOR

There are four basic principles that should govern the conduct of school bus passengers. These principles are easy to understand.

1st: Behaviors which are not appropriate in other places are not acceptable on the bus or at the bus stop.

Most of the bus misconduct reports are for behaviors such as fighting, bothering others, profanity, vandalism, stealing, excessive noise and throwing objects on or out of the bus windows. Behaviors that are unacceptable both at school and in the family car will not be tolerated on the bus either.

2nd: Behaviors that infringe upon the rights of others are not acceptable on the bus or at the bus stop.

Students should be able to wait at the bus stop or ride the bus without others bothering their person or property. Anyone using the bus transportation system must behave respectfully toward others.

3rd: Behaviors that distract the bus driver are not acceptable

Bus drivers need to have their attention focused on safely driving the bus. It is important for each student to create and maintain a relatively quiet and non-distractive environment on the bus.

4th: Behaviors that create unsafe conditions are not acceptable

The driver is "in command" of the bus and his/her instructions must be complied with by all persons on board. For their own safety, and the safety of other riders to fully cooperate with all safety instructions whether written or given verbally by the driver.

BUS REGULATIONS AND RULES

Bus Regulations (Policy JGG-Q)

Bus transportation shall be provided to and from school for those students who qualify. The district may provide transportation for all school activities.

Transportation will be denied to students who are detained after school for disciplinary reasons.

Students who use school-provided transportation shall be under the jurisdiction of the vehicle driver while in the vehicle. Students shall be subject to the district's student behavior code and other regulations.

A bus driver shall not knowingly discharge riders at places other than the regularly scheduled bus stops unless the parent and the principal give prior authorization. No student may ride on a school bus as a guest of another student unless previous arrangements have been made by written authorization from parents and the principal and seating is available.

The parent should communicate in writing any change in after-school bus transportation or the parent is to call the school office. This information will be given to the bus driver at the end of the day. **If a student misses the afternoon bus because of a lack of parental communication or students do not follow the appropriate dismissal procedures, it will be the parent's responsibility to make transportation arrangements.** The school will make every reasonable effort to notify the parent of the situation.

The shuttle bus is available to all students whose parents sign up for the service. All bus rules apply to those students who use the shuttle service.

- Students must be on time at the designated pick up location.
- Students are to conduct themselves in a safe and orderly manner in accordance with school rules, while waiting for the bus.
- Students are not to carry anything on to the bus that will impede foot traffic in the aisle.
- All feet and legs are to be kept out of the aisles.
- Food, drinks, balloons, weapons and animals are not allowed on the school bus.

- When leaving the bus, students are to follow the directions of the driver. If students cross the road, cross in front of the bus after making sure the highway is clear of traffic.
- Students who ride the bus to an event must ride the bus back to school, unless parents/guardian have contacted the school and sent a note. **Students may ride back with only their parents/guardian.**
- Incidents involving initiations, hazing, intimidation, and/or related activities which are likely to cause bodily danger, physical harm, or personal degradation or disgrace resulting in physical or mental harm, or which affect the attendance of another student, are prohibited.
